

Core services

- Strategic, evidence-based report, bid, and brief writing for front end precinct, public realm and built environment commissions.
- Integrated design testing to validate brief requirements.
- Development of urban design principles, informed by research, options assessment, and collaborative stakeholder engagement.

Approach

- Collaborative, hands-on approach to developing processes and documents that are useful, phase-appropriate, and aligned with institutional objectives.
- Application of expertise in precinct planning, urban design, sustainability, Traditional Owner engagement, architecture, placemaking.
- Experience working with decision-making processes in government and large institutions.

Experience

Development Victoria, Senior Design Manager, 2018-2026

- Design leadership in front-end precinct development.
- Preparation of design options and analysis to inform investment, risk, and decision-making.
- Procurement and direction of architecture and landscape consultant teams on precinct-scale projects, including mixed use, education and innovation precincts.
- Significant experience engaging with Traditional Owner groups, and wrote the organisation's internal guidance document *Traditional Owner Engagement in Design (2025)*.

Unsigned Studio (acquired by Aurecon), Project Director, 2016-2018

- Client-facing role, directing visual, digital and interactive communication materials to support understanding of complex infrastructure initiatives.
- Translation of technical and policy content into accessible formats for government, industry and community stakeholders.

Fender Katsalidis, Melbourne, Architect + Urban Designer, 2011-2016

- Master planning mixed-use projects, and the design of a range of building typologies.

Studio Egret West, London, Urban designer, 2008 - 2011

- Strategy, planning and community engagement for urban renewal projects in East London in the lead-up to the Olympics.

Education

- PhD, School of Global, Urban and Social Studies, RMIT (2021)
Thesis title: *Making housing, shaping old age: Industry engagement in older persons housing*.
- Graduate Certificate of Environment and Planning, RMIT (2015)
- Bachelor of Architecture, University of Tasmania (2005)
